

**Asia-Pacific  
Economic Cooperation**

**30<sup>th</sup> Meeting of the EWG Expert Group  
and Task Force Chairs.**

**EGEE&C Report**

# EGEE&C Highlights

- EGEE&C 40 held in Taipei, November 2012
- Ten Economies and five organisations represented
- Held in conjunction with APEC sponsored workshop “ Energy Performance Evaluation Methodology Development and Promotion in APEC Economies” (EWG 142011)

**Asia-Pacific  
Economic Cooperation**

# EGEE&C Sponsored Concept Notes

Two concepts proposed for Round 1

- Assessment of Appliance Testing Capacity and Information Sharing in the APEC Region (Australia)  
(Not granted in-principle approval)
- Building Code Harmonization in Energy Smart Community (China)  
(Invited to submit a full proposal)

**Asia-Pacific  
Economic Cooperation**

# Projects in progress / Recently Completed

- EWG 07 2010A Market Compliance Mechanisms for Energy Efficiency Programmes. (Completed: Feedback on the final report welcome)
- EWG 12 2112 A APEC / ASEAN Harmonisation of Energy Efficiency Standards for Air Conditioners. (In Progress: Consultant appointed and first meetings are being organised)
- EWG 13 2012 A Energy Saving Window Thermal Performance Simulation Training. (In Progress: Workshop recently held/to be held)

# Projects in progress / Recently Completed

- EWG 14 2012 A Workshop to Support the Development of National Design Centres in APEC. (In Progress: Workshop scheduled alongside EGEEC 42, late 2013, Thailand)
- EWG 08 2012 Urban Development Smart Grid Roadmaps. Christchurch Recovery. (In Progress: Consultant appointed and first round of stakeholder consultation. Draft report expected April)
- EWG 01 2011T Engagement by APEC Economies in Smart Appliance Standards(In Progress: IEC TC 59 Working Group commenced work on international standard)

# Projects in progress / Recently Completed

- EWG 14 2011T Energy Performance Evaluation Methodology Development and Promotion in APEC Economies (Completed)
- EWG 19 2011A Best Practices in Energy Efficiency and Renewable Energy Technologies in the Industrial Sector in APEC Region. (In Progress: Final reports in progress)
- Self Funded APEC Workshop for the Promotion and Application of LED Technology (Completed: Workshop held October 2012)

# Upcoming Events

- CAST Workshop on heat pump water heaters ( First ½ day workshop April aligned with EGEE&C meeting)
- US Lighting Design Workshop. ( Two day workshop aligned with EGEE&C meeting Thailand late 2013)
- Distribution Transformer Workshop. ( Two day workshop aligned with EGEE&C meeting Thailand late 2013)
- Air Conditioner Harmonisation Workshop (1/2 day workshop also aligned with EGEE&C meeting Thailand)
- EGEE&C 41 Beijing 11- 13 April 2013
